DRIVELINE

## Off-Highway Transmission Overhaul and Repair

After a long and productive working life, Central Driveline can provide you with an overhaul and repair solution that will help your transmission go even further.

Our overhauls return your transmission to a just like-new condition, delivering the same high standards of performance, service life and quality as the original new product.

With over 60 years knowledge and experience in the off-highway driveline sector we are trusted to provide a quality service.

Central Driveline, a division of Mitchell Powersystems, is an official Service Centre and the sole authorised Distributor of Dana Spicer® Genuine Parts in the UK and Ireland.

The off-highway sectors we specialise in include:

- Agriculture
- Airport Ground Handling
- Construction
- Cranes
- Material Handling
- Mining

With decades of experience in the off-highway driveline industry our highly skilled Technicians create quality engineered solutions for Dana Spicer® transmission customers powering a wide range of applications, including but not limited to:

- Dumpers, Telescopic Handlers, Excavators
- Front Loaders, Mobile Cranes
- Forklift Trucks, Reach Stackers, Side Loaders
- Tractors, Crop Handlers, Harvestors
- Airport Tugs and Baggage Tows

We provide a one-stop-shop transmission overhaul and repair solution for multiple types and applications, from basic gearboxes to leading-edge powersplit configurations.

Every transmission is overhauled from the ground up. They are disassembled part-by-part to clean, qualify and test. Each component is screened for the possibility of reuse to minimise cost for the customer.

New components needed are always brand new, exclusively Dana Spicer® Genuine Parts.

The transmission reassembly processes include using remanufactured/rebuilt parts and components and new wear parts (gaskets, seals, bolts, screws, etc.) All new parts used are always Dana Spicer® Genuine Parts.

We also support other Dana brands including; *Clark, Hurth, Kirkstall, GWB, Brevini and Graziano.*

In addition we can also provide the same quality overhaul and repair service for non-franchise products including; *Axletech, Kessler, Cushman, TwinDisc, Turner, ITL, Volvo, ZF and Caterpillar.*

We make it easy to get the parts you trust for the transmissions you rely on.

Our parts specialists are always available to discuss your requirements and have the expertise to identify the parts you need using our parts identification systems and their knowledge of Dana Spicer® off-highway drivetrains.

You can also purchase Genuine Dana Spicer® Parts from our online shop, open 24/7 all year around. [www.shop@mitchells.co.uk](http://www.shop@mitchells.co.uk)
