

Mitchell Powersystems have been supporting the offshore oil & gas sector for over 40 years deploying our experienced Field Service Engineers to undertake both scheduled maintenance activities and overhaul & repair work on critical power generation assets.

Our global customer base from the North Sea, Middle East, Africa, Asia and the Far East has gained us the unrivalled experience necessary to deliver a fast, reliable and professional service, minimising downtime and maximising uptime which is critical to offshore operators.

We are proud to be dealers and distributors for some of the world's leading manufacturers of premium brand Diesel Engines and Transmissions, powering equipment in offshore oil & gas applications and supporting infrastructure.

We stock and supply only Genuine Parts to make sure your engine, transmission and drive system can maintain performance at its peak potential.

Genuine Parts are designed tested and manufactured to meet the same high-quality requirements as the factory-fitted parts used when your engine, transmission and driveline was built.

From our central warehouse and distribution hub located in Sutton-in-Ashfield we distribute parts throughout the UK and overseas.

You can also buy Genuine Parts from our Online Store: www.shop.mitchells.co.uk

GENUINE PARTS SERVICE SUPPORT UK-WIDE

Keeping your equipment fully operational and productive is a top priority and you have our full support from troubleshooting, removal, overhaul, or reman supply to re-installation and commissioning, and ongoing maintenance, including supplying and genuine parts.

We have a UK-wide service network of over 35 factory trained Field Service Engineers, backed up by 22 Workshop Technicians ready to provide on-site service support when and where you need it.

As official dealers and distributors we know your engines and transmissions better than anyone, and we offer service and support that can be tailored to your specific needs. Additionally, we offer preventive maintenance services and warranty options to increase your peace of mind.

With Service Centres located in Glasgow, Hayes, Romsey, and Sutton-in-Ashfield, we provide a truly national customer support capability, and we directly employ all our Field Service Engineers.

Our qualified Field Service Engineers and Technicians are fully factory trained and hold offshore certification, allowing them to deploy offshore as and when required. They are experienced in a wide range of Diesel Engines and Allison Transmissions allowing them to quickly diagnose, fix and repair issues you may have with your offshore equipment minimising downtime.

We are also equipped with the latest specialised tooling and equipment.
