

Mitchell Powersystems has many years of experience supporting small local bus companies and some of the largest public transport fleet operators in the UK with Genuine Parts and Service Support for Engines, Transmissions, Axles, Differentials, and Driveshaft products installed in a range of on-highway applications, these include:

- City Bus
- Coach
- Intercity Bus
- Shuttle Bus
- Transit Bus
- Tour Bus

We are proud to be dealers and distributors for some of the world's leading manufacturers of premium brand Diesel Engines, Transmissions, Axles, Driveline and Power Solutions that power many of your essential Public Transport assets.

We stock and supply only Genuine Parts to make sure your engine, transmission and drive system can maintain performance at its peak potential.

Genuine Parts are designed tested and manufactured to meet the same high-quality requirements as the factory-fitted parts used when your engine, transmission and driveline was built.

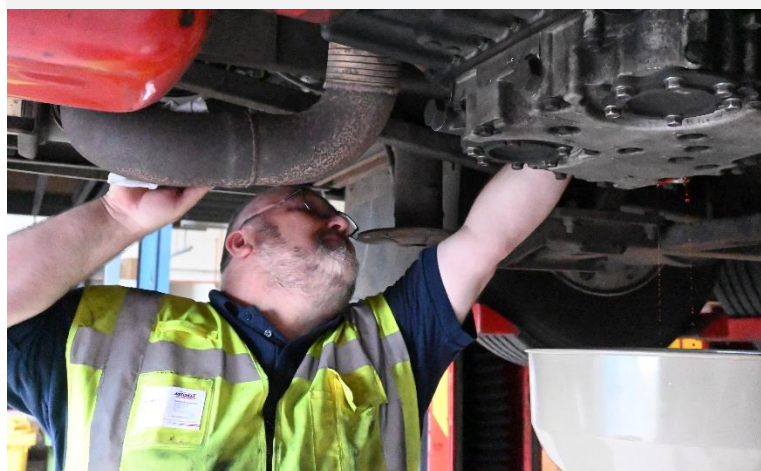

From our central warehouse and distribution hub located in Sutton-in-Ashfield we distribute parts throughout the UK and overseas.

You can also buy Genuine Parts from our Online Store: [www.shop.mitchells.co.uk](http://www.shop.mitchells.co.uk)

## GENUINE PARTS SERVICE SUPPORT UK-WIDE

Keeping your equipment fully operational and productive is a top priority and you have our full support from troubleshooting, removal, overhaul, or reman supply to re-installation and commissioning, and ongoing maintenance, including supplying and genuine parts.

We have a UK-wide service network of over 35 factory trained Field Service Engineers, backed up by 22 Workshop Technicians ready to provide on-site service support when and where you need it.

As official dealers and distributors we know your engines, transmissions, and axles better than anyone and we offer service and support that can be tailored to your specific needs. Additionally, we offer preventive maintenance services and warranty options to increase your peace of mind.

With Service Centres located in Glasgow, Hayes, Romsey, and Sutton-in-Ashfield, we provide a truly national customer support capability, and we directly employ all our Field Service Engineers.

Our qualified Field Service Engineers and Technicians are fully factory trained and experienced in a wide range of Public Transport applications, allowing them to quickly diagnose, fix and repair issues you may have with your equipment minimising downtime.

We are equipped with the latest specialised tooling and have access to product technical information, service bulletin's including reach-back to OEM factory technical resources.
