

Supply and Commission 2 x Volvo Penta D13-IPS 900 pod drive Propulsion Systems

This Windfarm Support Vessel was one of 3 vessels owned by Turner Icení that were re-powered with twin Volvo Penta D13-IPS 900 pod propulsion drives, all supplied and commissioned by Mitchell Powersystems.

The Volvo Penta IPS - Inboard Performance System, a revolutionary marine propulsion system, offers dramatically increased efficiency compared with inboard shafts.

Other benefits include powerful performance, excellent manoeuvrability, unparalleled comfort on board, and longer range with less fuel consumption and emissions.
